

KRAS (PDAC)

CI; trans rank 1; func rank 1

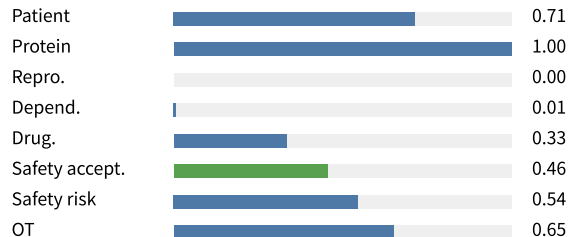

Limiting evidence:

No dominant limitation

Promote: translational

ARID1A (PDAC)

CI; trans rank 33; func rank 1771

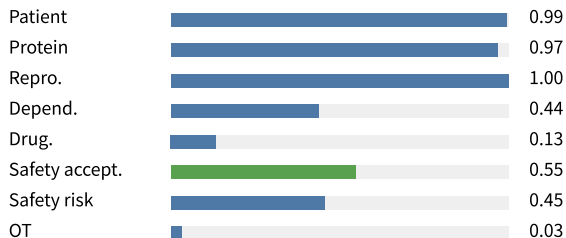

Limiting evidence:

Weak functional-discovery support;
limited external reproducibility

Promote: translational

KIF23 (PDAC)

CIII; trans rank 1882; func rank 5

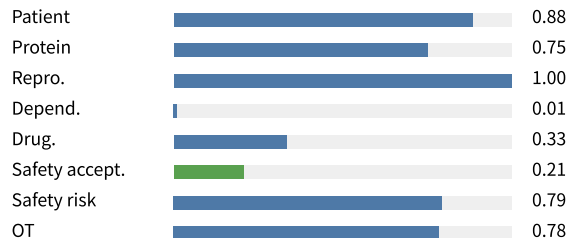

Limiting evidence:

Limited actionability

Retain: limited actionability

PALB2 (PDAC)

CIV; trans rank 274; func rank 134

Limiting evidence:

Low dependency; safety constraint

Deprioritize: safety
